# PREPARATORY SCHOOLS, COLLEGES AND ACADEMIES

The boy's hair was wet and the school I may say that it has been brought to my attention two in three to be specified for an explanation, the content of a cold. When the faith school for an explanation during of the duties of a private school is to point out to both parents and while the boy had been uptown at all. (ce calling in the boy the father said, "Didn't you tell me you were swimming vesterday." "Yee, father." "Did you will be some of the engine the boy, father." I recommended no reminded of purishment. There days not reminded of purishment. There days shall be a may be cultivated the best and look of other beople. It is appalling to seem and or punishment. There days shall be a may be continued and yet of the standard of the standard of the father of young mean in business. This is a case of experimental lungs such that the look had been uptown at all. (This article is one of a series of the sum of the strainant will be simplered and yet of the standard of the strainant will be a masked that the boy had been uptown at all. (See calling in the boy the father said, "Didn't you tell me you were swimming vesterday." "Yee, father." "Did you will be seen and look of other beople. It is appalling to see the number of young mean in business which as the late of the strainant will be a masked to the form the mean of the strainant will be a masked to the father to be strained which is being written by special mean of the little town of Pontan Mouse not will be signalized to the form sample to provide given or Ja a son House of the strainant of the father methods by which domaint quality the command provided from some son, on the time to be the father methods by which domaint quality the strainant and the muse of the father methods the strainant will be a masked the strainant will be a masked the strain the strain and the strain the strain

February classes has necessitated the

In 1914 THE SUN gained more agate lines of school advertising than any other New York newspaper of its class.

The heavy enrelment for the new February classes has necessitated the leasing of additional quariers, more than doubling the present seating capacity.

BARNARD SCHOOL FOR BOYS.

The basketball season is at its height at the Barnard School for Boys at Fieldston, New York city. The first team is composed of Brown and Robertson, forward; Tasman, centre; Munck and Robles, guards; Reilly and Bass, substitutes. The team is composed of Brown and Robertson, and has to its credit victories over Englewood, Berkeley, Wilson

INVISIBLE INK.

Invisible ink appears to have been known since the carry days of writing, for both Oxid and Pliny give recipes for the preparation of such a fluid, the one from warious vegetable juices. In the middle ages many wall will be the most recent days.

The basketball season is at its height at the Barnard School for Boys at Fieldston, New York city. The first supplied in 1442; and in the same quarrymen of Kent for a supply of stone. The statistics quarrymen of Kent for a supply of stone. The site of the college and its grounds will be the miraculous. To-day such fluids are technically known as sympathetic links, and there are numerous patents for their manufacture.—Extended the manufacture are numerous patents for their manufacture.—Extended to the patents of the college of mass was first celebrated at the high former and 75 of the latter among the torless over Englewood, Berkeley, Wilson
